Dear ,

1995/2008 NHS Pension Scheme – Annual Allowance Pension Savings Statement (2017/18)

This letter contains important information about your pension savings in the 1995/2008 NHS Pension Scheme in tax year 2017/18. We are sending it to help you assess whether your pension savings in this tax year from all your pension schemes are more than the Annual Allowance.

If you are also a member of the 2015 NHS Pension Scheme we will send you a separate statement showing your pension savings for this tax year in that scheme.

What is the Annual Allowance

This is the maximum amount of pension savings on which HM Revenue and Customs (HMRC) will allow tax relief during a tax year. If pension savings growth is more than the Annual Allowance, you may have to pay an Annual Allowance tax charge.

For 2017/18 the standard Annual Allowance is £40,000. However, the Annual Allowance available to you may be lower if you had taxable income of more than £110,000 during 2017/18.

What you need to do next

Please read the 'Pension Savings Statement Guide' on the Annual Allowance section of our website at www.nhsbsa.nhs.uk/nhs-pensions. It explains why you have been sent a statement, takes you through the figures, tells you what to do if you are a member of more than one pension scheme and gives you more information about the Annual Allowance.

The statement and the guide will help you assess if you have an Annual Allowance tax charge, how and when to pay it. If you have a tax adviser you may wish to pass your statement to them so they can consider this on your behalf.

Yours sincerely

NHSBSA

Relevant Tax Year

Your pension input amount in the relevant tax year is:

Pension Input Period Start	Pension Input Period End	Standard Annual Allowance (across all of your pension schemes)	Pension Input Amount (Growth) in the 1995/2008 NHS Pension Scheme
06/04/2017	05/04/2018	£40,000.00	£

If you were also a member of another pension scheme during this tax year, this includes the 2015 NHS Pension Scheme or any other pension scheme, in order to assess if you have an Annual Allowance tax charge you must add together the pension input amounts for 2017/18 from all of your pension schemes and then compare this total amount against the Annual Allowance available to you.

Carry Forward Tax Years

Your pension input amounts in the last three tax years are:
