Advanced Services (Pharmacy and Appliance Contractors)(England)

- The New Medicine Service (NMS), Stoma Customisation, Appliance Use Review, Community Pharmacy Seasonal Influenza Vaccination Service, NHS Community Pharmacist Consultation Service (CPCS), , NHS Community Pharmacy Hypertension Case-Finding Service, Community Pharmacy Smoking Cessation Service, NHS Pharmacy Contraception Service, NHS Pharmacy First Service and Lateral Flow Device (LFD) Tests Supply Service form part of the Advanced Services within the community pharmacy contractual framework. Stoma Customisation and Appliance Use Reviews are applicable to appliance contractors as well as pharmacy contractors. The relevant directions are now set out in the Pharmaceutical Services (Advanced and Enhanced Services)(England) Directions 2013, referred to in this Part as 'the principal Directions'.

New Medicine Service**Monthly Fee**

- A monthly payment will be paid for each completed full service intervention. The fee per intervention will be dependent on the number of interventions achieved for the month and whether any target has been achieved based on the monthly prescription volume of the pharmacy. The amount paid per service intervention starts at £20, but will increase with the volume of interventions subject to a target level being achieved and an overall cap of 1% of monthly prescription volume.
- The payment to be made per service intervention and the number of interventions required per month to reach a target can be found in Table 1 below. Standard and catch-up NMS will count towards the target in line with the service specification. If contractors fail to reach the first target level (10%) then all full service interventions provided will be paid at £20 each.
- Where a target level is reached, all of the full service interventions provided up to that point are paid at the rate corresponding to the target. For example, where a pharmacy with a monthly prescription volume between 3501 to 4500 delivers 10 service interventions in the month (achieving the 20% target rate) all 10 interventions will be reimbursed at the 20% rate of £26 each.
- The claim for activity for each month must be made by submitting the appropriate form to the Pricing Authority no later than 5th of the following month.

Table 1

Volume of prescription items per month	Number of full service interventions per month necessary to achieve each target									Maximum number of full service interventions per month for which payment will be received
	10% target £25 per full service intervention	20% target £26 per full service intervention	30% target £27 per full service intervention	40% target £28 per full service intervention	50% target £28 per full service intervention	60% target £28 per full service intervention	70% target £28 per full service intervention	80% target £28 per full service intervention	90% target £28 per full service intervention

ADVANCED SERVICES (PHARMACY AND APPLIANCE CONTRACTORS)(ENGLAND)

Stoma Customisation

6. In England, from 1 April 2010 a fee of £4.32 is payable for every Part IXC prescription item that can be customised¹. The fee does not have to be claimed and will be paid automatically to those pharmacy and appliance contractors who in England have informed the NHSBSA of their intention to provide stoma appliance customisation services as an advanced service by the end of the month before they start providing the service.
7. Contractors are however required to meet certain preconditions, set out below in direction 9 of the principal Directions, before the NHSCB is able to enter into arrangements with them to provide the service - and their ongoing entitlement to provide the service is subject to compliance with the conditions that the NHSCB is required to impose on them by virtue of direction 10 of the principal Directions.

¹Products that qualify for the stoma customisation fee have been annotated in the Drug Tariff.

Appliance Use Review

8. In England, from 1 April 2010 a fee is payable to all pharmacy and appliance contractors meeting the requirements for this service for each Appliance Use Review they have carried out. The requirements they have to meet are also set out below in directions 11 to 13 of the principal Directions. As with the stoma customisation, there are both preconditions that the contractor has to meet before the NHSCB is able to enter into arrangements with them (set out in direction 11 of the principal Directions), and ongoing entitlement to provide the service is subject to compliance with the conditions that the NHSCB is required to impose on them (see directions 12 and 13 of the principal Directions)
9. A fee of £28 is payable for an Appliance Use Review conducted at premises or by telephone or video link managed by the pharmacy or appliance contractor. A fee of £54 is payable for a review conducted at the user's home. If, within a 24 hour period, reviews are conducted for several users living at the same location, the appliance or pharmacy contractor may claim £54 for the first review and £28 for each subsequent review.
10. In England, the total number of Appliance Use Reviews that an appliance or pharmacy contractor may claim fees for will be limited to one for every 35 Part IXA (qualifying items), Part IXB and Part IXC prescription items dispensed for the period commencing on 1 April and ending on 31 March in any one year (see direction 13 of the principal Directions).
11. In England contractors will be paid monthly, via the Pricing Authority on receipt of the appropriate claim form in the relevant month.

Community Pharmacy Seasonal Influenza Vaccination Advanced Service

12. From 1 September 2023 a fee of £9.58 will be paid for each adult flu vaccination administered by a pharmacy contractor.
13. Pharmacy contractors will be reimbursed the cost of the vaccine in accordance with Part II, Clause 8C (Basic Price) of the Drug Tariff. An allowance at the applicable VAT rate will also be paid.
14. The fees will be payable only to contractors meeting the requirements of the service. The complete service requirements are set out in directions 7A and 7B of the principal Directions and the service specification.
15. Claims for payments for this programme should be made monthly, via the Manage Your Service platform provided by the NHSBSA. Claims will be accepted by the NHSBSA within three months of administration of the vaccination or by 30 June 2024, whichever date is earlier. Later claims will not be processed. Payments to contractors will be made monthly as part of their normal payment schedule. Information on submitting a claim is available via the NHSBSA website (<https://www.nhsbsa.nhs.uk/pharmacies-gp-practices-and-appliance-contractors/dispensing-contractors-information/community-pharmacy-seasonal-influenza-vaccination-advanced-service>). When using the Manage Your Service platform provided by the NHSBSA for submitting claims, contractors should ensure that they only make a single claim for each calendar month, as subsequent submissions for that claim month will not be accepted by the Manage Your Service platform.

ADVANCED SERVICES (PHARMACY AND APPLIANCE CONTRACTORS)(ENGLAND)

Community Pharmacist Consultation Service (CPCS)

16. In England, from 29 October 2019, the following fee will be paid for the provision of the NHS Community Pharmacist Consultation Advanced Service (CPCS). Regardless of whether a medicine/appliance was supplied, a fee of £14.00 will be paid in respect of each referral received and completed by the pharmacy contractor via the NHS 111, IUC CAS or a General Practice referral route into CPCS as part of the Advanced Service. From 1 January 2024 the fee will increase to £15.00.
17. From 15 May 2023 a fee of £14.00 will also be paid in respect of each referral received and completed by the pharmacy contractor via - 999 services or providers of urgent and emergency care who are authorised by NHS England to provide this (for example, Urgent Treatment or Urgent Care Centres, an Emergency Department or an Accident and Emergency Unit) referral routes into CPCS as part of the Advanced Service. From 1 January 2024 the fee will increase to £15.00.
18. Other referrals via NHS 111, IUC CAS, General Practice, 999 services or providers of urgent and emergency care who are authorised by NHS England to provide this (for example, Urgent Treatment or Urgent Care Centres, an Emergency Department or an Accident and Emergency Unit) and requests by patients for emergency supplies that are not part of the Advanced Service, do not attract this fee.
19. No further fees will be paid for the CPCS where an urgent medicine is supplied, and any items dispensed will not contribute to the deduction scale calculations.
20. Pharmacy contractors will be reimbursed* the cost of any supplied medicine/appliance following a referral for urgent medicines/appliances supply in accordance with Part II, Clause 8 (Basic Price) of the Drug Tariff. An allowance at the applicable VAT rate will also be paid, where applicable.
21. The fees mentioned in paragraph 16 and 17 will be payable only to contractors who have registered for the CPCS and who meet the requirements of the service. The registration for the CPCS will be via the NHSBSA Manage Your Service (MYS) portal.
22. The service requirements are set out in directions 7BA and 7BB of the principal Directions and the NHS England service specification. Whether or not a referral has been completed is to be understood by reference to the service specification.
23. Claims for payments for this service and for reimbursement of costs for items supplied for urgent medicines/appliances supply should be made monthly, via the MYS portal provided by the NHSBSA and the CPCS Pharmacy IT system. Claims for payment should be submitted via the MYS portal provided by the NHSBSA by the 5th of the month following the month in which the chargeable activity was provided. If the contractor fails to submit by this deadline, later submissions will be accepted, but only if made within six months of the date by which the claim should have been submitted. For referrals completed from 1 May 2023 up to 31 July 2023, later submissions will be accepted by 5 December 2023 via MYS. For referrals completed from 1 August 2023, later submissions will be accepted but only if made within three months of the date by which the claim should have been submitted. Later claims will not be paid.
24. The NHSBSA will make appropriate payments claimed by the pharmacy contractor as described above, in the same payment month as other payments for NHS Pharmaceutical Services and the payments will be separately itemised on the FP34 Schedule of Payments.
25. Where urgent medicines/appliances are supplied, and the patient is exempt from payment of NHS prescription charges, the pharmacy contractor must complete an FP10DT EPS dispensing token with the information required in the NHS England service specification and ensure completion of the exemption declaration in line with paragraph 2 of Part XVI of the Drug Tariff. These completed FP10DT EPS dispensing tokens should be sent to the NHSBSA as part of the month-end submission (clearly separated within the batch and marked 'CPCS'), which should be sent not later than the 5th day of the month following that in which the urgent supply was made*.

*Subject to the contractor having submitted a claim via the MYS portal containing all of the required information, the cost of medicines or appliances supplied under this part of the service will be reimbursed using the basic price specified in Drug Tariff Part II Clause 8 (Basic Price). For clarity, no other elements of the Drug Tariff in relation to reimbursement of medicines or appliances apply to this service, including the payments for consumables and containers.

ADVANCED SERVICES (PHARMACY AND APPLIANCE CONTRACTORS)(ENGLAND)

26. The CPCS will cease on 30 January 2024 and will become a part of the new Pharmacy First Advanced Service on 31 January 2024. There will be a period of transition from the CPCS to the new Pharmacy First Service from 1 December 2023 to 30 January 2024. From 1 December 2023 contractors will not be able to register to deliver the CPCS.
27. From 1 December 2023 all contractors already delivering CPCS and contractors that wish to register must declare that they agree to the terms and scope of the three elements of the Pharmacy First Service (NHS Referrals for Minor Illness, Urgent Medicine Supply and the Clinical Pathway Consultations). Contractors must make this declaration via the MYS portal by 23:59 on 30 January 2024 to register for the Pharmacy First Service and to secure a Pharmacy First initial fixed payment of £2,000. This will be paid on 1 February 2024 if declared before 23:59 on 31 December 2023 or paid on 1 March 2024 if declared before 23:59 on 30 January 2024. Contractors that declare that they wish to cease provision of the CPCS will be de-registered 30 days after the declaration. If this occurs less than 30 days before 31 January 2024 the notice period will reflect the number of days remaining before 31 January 2024. Contractors that do not make any declaration will be de-registered from CPCS on 31 January 2024 (and will be notified of this).

NHS Pharmacy First Service - from 31 January 2024
i) NHS Referrals for Minor Illness & Urgent Medicines Supply

28. In England the following fee will be paid for the provision of the Pharmacy First Service including activity that was previously covered by the former NHS Community Pharmacist Consultation Advanced Service (CPCS). Regardless of whether a medicine/appliance was supplied, a fee of £15.00 will be paid in respect of each referral received and completed by the pharmacy contractor via NHS 111, IUC CAS or a General Practice – to note General Practices cannot refer for an **Urgent Medicine Supply**. The same fee will also be paid in respect of each referral received and completed by the pharmacy contractor via - 999 services or providers of urgent and emergency care who are authorised by NHS England to provide these (for example, Urgent Treatment or Urgent Care Centres, an Emergency Department or an Accident and Emergency Unit) referral routes into Pharmacy First as part of the Advanced Service.
29. Other referrals via NHS 111, IUC CAS, General Practice, 999 services or providers of urgent and emergency care who are authorised by NHS England to provide this (for example, Urgent Treatment or Urgent Care Centres, an Emergency Department or an Accident and Emergency Unit) and requests by patients for emergency supplies that are not part of the Advanced Service, do not attract this fee.
30. No further fees will be paid for an **NHS Minor Illness** referral or an **Urgent Medicine Supply**.
31. Pharmacy contractors will be reimbursed* the cost of any supplied medicine/appliance following a referral for an **Urgent Medicine Supply** in accordance with Part II, Clause 8 (Basic Price) of the Drug Tariff. An allowance at the applicable VAT rate will also be paid, where applicable.
32. The fee mentioned in paragraph 28 will be payable only to contractors who have registered for the Pharmacy First Service via the NHSBSA Manage Your Service (MYS) portal and who meet the requirements set out in the [Service Specification](#).
33. The service requirements are set out in the principal Directions and the NHS England Service Specification. Whether or not a referral has been completed by the pharmacy contractor, is to be understood by reference to the Service Specification.
34. Claims for payments for **NHS Minor Illness referrals** and **Urgent Medicine Supply** and for reimbursement of costs for items supplied for **Urgent Medicines Supply** referrals should be made monthly via the MYS portal. Any activity delivered on 31 January 2024 should be claimed as part of February 2024 activity according to the claim window set out in Paragraph 35. Contractors must use an IT solution that meets the minimum digital requirements of the service (as specified within the Community Pharmacy Clinical Standards) and that includes an application programming interface (API) to facilitate transfer of data into the MYS portal to support the Pharmacy First Service.
35. Claims for payment should be submitted via the MYS portal provided by the NHSBSA by the 5th day of the month following the month in which the chargeable activity was provided. Later submissions will be accepted but only if made within three months of the date by which the claim should have been submitted. Later claims will not be paid.
-

ADVANCED SERVICES (PHARMACY AND APPLIANCE CONTRACTORS)(ENGLAND)

36. The NHSBSA will make appropriate payments claimed by the pharmacy contractor as described above, in the same payment month as other payments for NHS Pharmaceutical Services and the payments will be separately itemised on the FP34 Schedule of Payments.
37. Where urgent medicines or appliances are supplied as part of an **Urgent Medicine Supply** referral and the patient is exempt from payment of NHS prescription charges, the pharmacy contractor must complete an FP10DT EPS dispensing token with the information required in the NHS England Service Specification and ensure completion of the exemption declaration in line with paragraph 2 of Part XVI of the Drug Tariff. These completed FP10DT EPS dispensing tokens should be sent to the NHSBSA as part of the month-end submission (clearly separated within the batch and marked 'PF UMS', which should be sent not later than the 5th day of the month following that in which the urgent supply was made*.

*Subject to the contractor having submitted a claim via the MYS portal containing all of the required information, the cost of medicines or appliances supplied under this part of the service will be reimbursed using the basic price specified in Drug Tariff Part II Clause 8 (Basic Price). For clarity, no other elements of the Drug Tariff in relation to reimbursement of medicines or appliances apply to this service, including the payments for consumables and containers.

ii) Clinical Pathway consultations

38. From 1 December 2023 pharmacy contractors who sign up to deliver the NHS Pharmacy First Service will qualify for an initial fixed payment of £2,000 as detailed in Paragraph 27. This fee will be recovered from contractors who have not delivered a minimum of 5 Pharmacy First - Clinical Pathway consultations that cross the Gateway point by 23:59 on 31 March 2024 and in accordance with the claim window set out in Paragraph 44. Contractors that sign up after 30 January 2024 will not be eligible for an initial fixed payment.
39. **The Clinical Pathway consultations** element of the NHS Pharmacy First Service will launch on 31 January 2024. A fee of £15.00 will be paid per Clinical Pathway consultation that crosses the Gateway (which is detailed in each Clinical Pathway). The [Service Specification](#), seven Clinical Pathways, Treatment Protocol and associated Patient Group Directions (PGDs) can be found [here](#). All pharmacists must ensure that they have read the final version of all the PGDs and signed to declare they are willing and competent to work to them within their professional code of conduct before conducting any Pharmacy First **Clinical Pathway** consultations.
40. A monthly fixed payment of £1,000 will be paid to pharmacy contractors delivering the NHS Pharmacy First Service who reach the minimum number of consultations required from February 2024. **Table 2** sets out the minimum number of **Clinical Pathway** consultations* required to secure the associated fixed payment. All consultations delivered must be claimed according to the claim window set out in Paragraph 44. Pharmacy contractors who fail to reach the minimum number of consultations* in a month will only be paid the service fee of £15.00 per consultation. If the supply of a product is indicated and the contractor must refer a patient to another pharmacy to complete the consultation, the original pharmacy will not be eligible for a consultation fee. Any activity delivered on 31 January 2024 should be claimed as part of February 2024 activity according to the claim window set out in Paragraph 44. This activity will count towards the minimum number of Clinical Pathway consultations required in February 2024 to secure a fixed payment.

Table 2

	Minimum number of consultations* required to be delivered during the month to secure the fixed payment
February 2024	1
March 2024	5
April 2024	5
May 2024	10
June 2024	10

ADVANCED SERVICES (PHARMACY AND APPLIANCE CONTRACTORS)(ENGLAND)

July 2024	10
August 2024	20
September 2024	20
From October 2024	30

* Consultations must cross the Gateway point detailed in the Clinical Pathway and must not be referred to another pharmacy to be eligible.

41. The medicines that may be supplied as part of the **Clinical Pathway** consultations element of this service are listed and detailed in each PGD or Treatment Protocol. Only those medicines listed in the PGDs or Treatment Protocol will be eligible for payment. The following Parts of the Drug Tariff will apply: Part II Clauses 8, 10 and 13, Part IV and Part V (including where no discount deduction is applicable as set out in Part II). The reimbursement price will be based on the Part VIII generic price of a medicine linked to the Actual Medicinal Product Pack (AMPP)* code and the quantity submitted by contractors as part of the claiming process for the products supplied under the service. If the AMPP code submitted is associated with a Virtual Medicinal Product (VMP) of a Virtual Medicinal Product Pack (VMPP) listed in Part VIII or is a different pack size, the unit price of the listed pack size in Part VIII will be paid. If the AMPP code submitted is associated with a VMP of two or more VMPPs listed in Part VIII but is different to the pack sizes listed, the unit price of the listed pack size nearest to the quantity supplied will be paid. An allowance at the applicable VAT rate will be paid for products supplied under the Treatment Protocol.

*Please refer to the Editorial Policy document on the [dm+d](#) website for the definitions of AMPP, VMP and VMPP.

42. From 1 April 2024, an initial cap of 3,000 consultations per month per contractor will be put in place. From 1 October 2024, new caps will be introduced based on the actual delivery of the Pharmacy First Clinical Pathways. The mechanism to set these caps will be published at a later date.
43. Claims for payments for the provision of **Clinical Pathway** consultations and reimbursement of products supplied should be made monthly via the MYS portal. Contractors must use an IT solution that meets the minimum digital requirements of the service (as specified within the Community Pharmacy Clinical Standards) and that includes an application programming interface (API) to facilitate transfer of data into the MYS portal to support the Pharmacy First Service.
44. Contractors will need to submit the claim within the MYS portal, by the 5th day of the month following the month in which the chargeable activity was provided. If the contractor fails to submit by this deadline, later submissions will be accepted, but only if made within three months of the date by which the claim should have been submitted. Later claims will not be paid.
45. If a contractor wishes to cease provision of the NHS Pharmacy First service, they must de-register and provide 30 days' notice of their intention to do so. To de-register, the contractor must do so via the MYS portal. Activity must continue to be provided during the notice period and contractors will continue to be paid in the usual way.
46. Prescription charges will apply to any products supplied against PGDs and the Treatment Protocol unless the patient is exempt, in accordance with the arrangements for prescriptions – set out in Part XVI of the Drug Tariff.
47. Where medicines are supplied in accordance with the Clinical Pathway consultation element of the Pharmacy First Service the pharmacy contractor must ensure completion of an FP10DT EPS dispensing token for all patients, including those who are exempt from payment of NHS prescription charges and those that pay prescription charges, with the information required in the NHS England Service Specification. The pharmacy contractor must also ensure that any declaration that a charge has been paid has been signed, and ensure completion of any exemption declaration in line with Regulation 8 and Regulation 9 of the National Health Service (Charges for Drugs and Appliances) Regulations 2015. These completed FP10DT EPS dispensing tokens should be sent to the NHSBSA as part of the month-end submission (clearly separated within the batch and marked 'PF CP'), which should be sent not later than the 5th day of the month following that in which the supply was made.

ADVANCED SERVICES (PHARMACY AND APPLIANCE CONTRACTORS)(ENGLAND)

NHS Community Pharmacy Hypertension Case-Finding Advanced Service

48. In England, pharmacy contractors who sign up to deliver the NHS Community Pharmacy Hypertension Case-Finding Advanced Service as an Advanced Service will qualify for a single upfront payment of £440 to support initial costs incurred in setting up the service (including the development of Standard Operating Procedures and training of staff delivering the service).
49. From 1 October 2021, a fee of £15 will be paid for each patient receiving a clinic blood pressure check. A fee of £45 will be paid for each appropriate provision of ambulatory blood pressure monitoring (ABPM) to a patient in accordance with the requirements of the service. These are set out in directions 7BG and 7BH of the principal Directions and the NHSCB service specification.
50. Additionally, pharmacy contractors who deliver the following minimum number of ABPM checks each year will automatically trigger the relevant incentive payments:
- 5 ABPM checks between 1 October 2021 and 31 March 2022 in accordance with the service requirements will trigger the payment of an incentive fee of £1,000,
 - 15 ABPM checks between 1 April 2022 and 31 March 2023 in accordance with the service requirements will trigger the payment of an incentive fee of £400,
 - 20 ABPM checks between 1 April 2023 and 31 March 2024 in accordance with the service requirements will trigger the payment of an incentive fee of £400.
51. Contractors who sign up after 1 April 2022 but who deliver the minimum number of ABPM activity thresholds specified for the given financial year will receive £1,000 as a first incentive payment. Furthermore, if a contractor signs up between 1 October 2021 and 31 March 2022 and fails to do 5 ABPM checks, they can earn £1000 by doing 15 ABPM checks between 1 April 2022 and 31 March 2023. No incentive fees will be available after 31 March 2024.
52. The fees will be payable only to contractors meeting the requirements of the service as set out in directions 7BG and 7BH of the principal Directions and the NHSCB service specification including notification of the intention to provide the service to NHSCB by completing an electronic registration through the NHSBSA Manage Your Service (MYS) platform.
53. From 1 September 2023 data to support claims should be submitted via an IT system with an NHS approved API link to the Manage Your Service (MYS) platform, which is provided by the NHSBSA. The API data will be summarised in MYS. Contractors must use MYS to confirm the API data and submit the claim by the 5th of the month following the month in which the chargeable activity was delivered. If the contractor fails to submit by this deadline, later submissions will be accepted, but only if made via MYS within three months of the date by which the claim should have been submitted. Later claims will not be paid. If a contractor cannot confirm the API data in MYS as accurate, they should follow the instructions in MYS and contact their IT system supplier in the first instance.
54. The NHSBSA will make appropriate payments claimed by the pharmacy contractor as described above, in the same payment month as other payments for NHS Pharmaceutical Services and the payments will be separately itemised on the FP34 Schedule of Payments.

NHS Community Pharmacy Smoking Cessation Advanced Service

55. In England, from 1 November 2022 pharmacy contractors who sign up to deliver the NHS Community Pharmacy Smoking Cessation Advanced Service will qualify for a single payment of £1000* 30 days after registration on MYS to provide the service, which must include a declaration by the pharmacy contractor of readiness to provide the service. The NHSBSA will make the payment to the pharmacy contractor, in the subsequent payment cycle for other payments for NHS Pharmaceutical Services subject to the payment conditions below (see *).
56. If a contractor wishes to cease provision of this service, they must de-register and provide 30 days' notice. To de-register, the contractor must do so via MYS.
57. Any service activity contractors provide during their notice period will continue to be paid in the usual way.
58. From 10 March 2022, for each patient referred who has a first consultation, a fee of £30 will be paid. Subsequently a fee for each interim consultation with a patient of £10 will be paid. On completion of the last consultation (which may be at any point from and including the four-week review up until the 12-week review) a fee of £40 for each patient will be paid.
59. No consultation fees can be claimed where the pharmacist or pharmacy technician cannot make any contact with the referred patient, or where the patient declines the referral on first contact.
-

Nicotine bitartrate 2mg lozenges sugar free	204

62. An expanded version of this list containing additional information is available on the NHSBSA website (<https://www.nhsbsa.nhs.uk/pharmacies-gp-practices-and-appliance-contractors/dispensing-contractors-information/nhs-smoking-cessation-service-referral-secondary-care-community-pharmacy>).

63. The cost of those medicines, if supplied as part of the service, will be reimbursed using the basic price specified in the Drug Tariff Part II Clause 8 – Basic Price. No other elements of the Drug Tariff in relation to reimbursement of medicines apply to this service. An allowance at the applicable VAT rate will be paid to cover the VAT incurred when purchasing the supplied medicine.

64. Claims for payments for this service and for reimbursement of costs for items supplied should be made monthly. Contractors registered for the service have two routes available for claiming, and either:

- (a) If the functionality is available, via an assured pharmacy IT system, contractors must use the Manage Your Service platform provided by NHSBSA; or
- (b) Contractors must download, complete and return the form provided by the NHSBSA on their website (<https://www.nhsbsa.nhs.uk/pharmacies-gp-practices-and-appliance-contractors/dispensing-contractors-information/nhs-smoking-cessation-service-referral-secondary-care-community-pharmacy>). Contractors should ensure that they complete the relevant sections, including the Declaration mentioned in paragraph 39 and return the completed form to the NHSBSA at mys@nhsbsa.nhs.uk.

65. Claims for payment should be submitted to the NHSBSA by the 5th of the month following the month in which the chargeable activity was provided. If the contractor fails to submit by this deadline, later submissions will be accepted, but only if made within three months of the date by which the claim should have been submitted. Later claims will not be paid.

ADVANCED SERVICES (PHARMACY AND APPLIANCE CONTRACTORS)(ENGLAND)

66. The NHSBSA will make appropriate payments claimed by the pharmacy contractor as described above, in the same payment month as other payments for NHS Pharmaceutical Services and the payments will be separately itemised on the FP34 Schedule of Payments.

*If a contractor wishes to de-register or ceases trading within 30 days of registering, they will not be eligible for a set-up fee payment. If a contractor wishes to de-register or cease trading more than 30 days after registering, they will be eligible for a set-up fee payment.

NHS Pharmacy Contraception Service – Ongoing Supply and Initiation of Oral Contraception

67. In England, from 24 April 2023 pharmacy contractors who sign up to deliver the NHS Pharmacy Contraception Service Advanced Service will qualify for the first instalment of the setup, which is a single payment of £400.

68. A total of £900 will be paid in the following instalments: £400 paid 30 days after signing up to deliver the service on the NHSBSA Manage Your Service (MYS) portal, £250 paid after claiming the first 5 consultations and £250 paid after claiming a further 5 consultations (a total of 10 consultations claimed). The NHSBSA will make the payment to the pharmacy contractor, in the subsequent payment cycle for other payments for NHS Pharmaceutical Services subject to the payment conditions.

69. A fee of £18 will be paid per consultation.

70. From 1 December 2023 in addition to providing an ongoing supply of existing oral contraception, the service will expand to also include the initiation of oral contraception from a participating contractor. The service requirements for this service are set out in the current version of the [NHS Pharmacy Contraception Service Specification](#).

71. From 1 December 2023 contractors already delivering the ongoing supply of contraception element of the service (Tier 1), must declare that they agree to the terms and scope of the expanded service as set out in the current version of the Service Specification via the MYS portal by 23:59 on 29 February 2024. Contractors that declare via the MYS portal that they wish to cease provision of the expanded service will be de-registered 30 days after the declaration. If this occurs less than 30 days before 1 March 2024 the notice period will reflect the number of days remaining before 1 March 2024. Contractors that do not make any declaration will be de-registered from the service on 1 March 2024 (and will be notified of this).

72. The medicines that may be supplied as part of this service are listed in the [Patient Group Directions \(PGDs\) for Combined Oral Contraceptives \(COC\)](#) and for [Progesterone Only Pills \(POP\)](#) and only those medicines listed will be eligible for payment.

73. The cost of those medicines, if supplied as part of the service, will be reimbursed using the basic price specified in the Drug Tariff Part II Clause 8 – Basic Price. The total cost of those medicines supplied as part of this service will be subject to the brands deduction rate as set out in Part V. The allowance for containers and consumables will not apply to products supplied as part of this advanced service. No other elements of the Drug Tariff in relation to reimbursement of medicines apply to this service.

74. Claims for payment should be submitted by the 5th of the month following the month in which the chargeable activity was provided. If the contractor fails to submit by this deadline, later submissions will be accepted, but only if made within three months of the date by which the claim should have been submitted. Later claims will not be paid.

75. If a contractor wishes to cease provision of this service, they must de-register and provide 30 days notice of their intention to do so. To de-register, the contractor must do so via MYS.

76. Any service activity contractors provide during their notice period prior to de-registering will continue to be paid in the usual way. If a pharmacy contractor de-registers from the service or ceases trading within 30 days of registration, they will not qualify for the £400 set up fee. In this event, if the £400 fee has already been paid to the contractor, this money will be recovered from the contractor. Any pharmacy contractors that de-register from the service will not be eligible for a further set up fee of £400, if they re-register at a later date and the original £400 set up fee paid to them has not been reclaimed.

77. Contractors must use an IT solution that meets the minimum digital requirements of the service (as specified within the Community Pharmacy Clinical Standard) and that includes an application programming interface (API) to facilitate transfer of data into the MYS portal to support the Pharmacy Contraception Service.

ADVANCED SERVICES (PHARMACY AND APPLIANCE CONTRACTORS)(ENGLAND)

Lateral Flow Device (LFD) Tests Supply Service (for patients potentially eligible for COVID-19 treatments)

78. From 6 November 2023, a fee of £4.00+VAT will be paid for each completed transaction of the supply of one box of five Covid-19 Lateral Flow Devices from the pharmacy on confirmation that the patient is part of the eligible cohort.
79. The full list of eligibility criteria is determined by NICE and can be found in the NICE guidelines '[Supporting information on risk factors for progression to severe COVID-19](#)' and is duly referenced in the [Service Specification](#). Contractors should make sure they are referring to the latest version of the eligibility criteria.
80. The fees will be payable only to contractors meeting the requirements of the service including notification of the intention to provide the service by completing an electronic registration through the NHSBSA Manage Your Service (MYS) portal. These requirements are set out in directions 7BM and 7BN of the principal Directions and in the service specification.
81. The payment for these tests, where supplied as part of the service, will be £5.94 for 5 LFD tests. An allowance at the applicable VAT rate will also be paid. The Secretary of State determines the payment of the LFD tests to be the average of the list price for one box of 5 LFD tests by the following three suppliers: AAH Pharmaceuticals Ltd, Alliance Healthcare (Distribution) Ltd and Phoenix Healthcare Distribution Ltd on or before the 8th of the month before.
- In circumstances, where contractors are unable to source one box of 5 LFD tests at or below the Drug Tariff payment price listed in this Part, Community Pharmacy England may request a review of the payment price. The review requires contractors to report any issues with the supply, ordering and pricing of the tests to Community Pharmacy England. To support the handling of the review, contractors may be required to submit evidence of any difficulties experienced including issues with pricing or supply. Any claims and supporting evidence will then be referred by Community Pharmacy England to the Department of Health and Social Care for review. Following this process, the Department of Health and Social Care will publish any details of any revised payment price and the month(s) in which it will apply.
82. Claims for payment should be submitted by the 5th of the month following the month in which the chargeable activity was provided. If the contractor fails to submit by this deadline, later submissions will be accepted, but only if made within three months of the date by which the claim should have been submitted. Later claims will not be paid.
83. If a contractor wishes to cease provision of this service, they must de-register and provide 30 days' notice of their intention to do so. To de-register, the contractor must do so by notifying the Commissioner via MYS.
